Do you know who your Loan Processor is?

Here is a list of some Loan Processors:

Steps to Take With Your Loan Processor:

1 month after disbursement you will be assigned a loan processor. They will reach out via email or mail, depending on the Loan Processor.

- Create an account with your Loan Processor. Once you do, you will be able to see all of your loan information. Similar to a credit card, you will be able to see the amount due and how to pay it.

If you do not receive an email or mail from a Loan Processor after 2 months, then please see Sandra or Liesl.
